

# Full STEAM Ahead!

It's time for the Woodfern Elementary

# SCIENCE FAIR!

January 19, 2024 from 7-8:30pm

\* Exhibitors, please arrive no later than 6:45pm

## WANT TO PARTICIPATE?

- Most Science Fair projects start with a question.
- Science Fair presentations usually fall into 1 of 4 groups:

EXPERIMENTS that test a hypothesis  
DEMONSTRATIONS that retest a proven test  
RESEARCH that presents collected data  
MODELS that demonstrate a concept

- Participants should be prepared to briefly explain their project to an adult moderator.
- Using a trifold display board is highly recommended.
- The Science Fair is a family event! Siblings and friends can work on a project together. Grown ups are allowed to help, but the project should primarily be the work of the students.
- Project ideas can be found on Pinterest or websites such as [sciencebuddies.org](http://sciencebuddies.org) - be creative!
- Please return the bottom portion of this form no later than January 12 in an envelope marked SCIENCE FAIR.
- Please email [Amy@woodfernhsd.org](mailto:Amy@woodfernhsd.org) with any questions.
